

# **MMU-LTPCT(Learn & Toubro Public Charitable Trust)**

A streamlined Hospital Management System (HMS) designed to manage patient records, doctor schedules, billing, inventory, and reporting. The system automates workflows, improves efficiency, and ensures secure data handling.

**Key Features:** Login Tracking: Monitors login time, location, and IP address for security. Appointment Management: Manages patient appointments efficiently. Admin Sidebar Control: Customizable sidebar for page navigation. Gallery with Pagination: Dynamic image loading with scroll-based pagination. Approved Page Management: Data visualization with sheet editing and saving.

**Skills and deliverables:- .Net, React Js**
